1 About Easy PDF to FlipBook for iPad

Easy PDF to FlipBook for iPad is specially designed for iPad users who can easily access your published flip book with their iPads. And this page flip eBook maker concentrates much on the **iPad reading interface**, providing users with an experience of **flipping eBooks on iPad** while previewing effects before outputting.

Publish iPad-supported flip book

Easy PDF to FlipBook for iPad can help you convert static PDF files into flash eBooks with **life-like page flipping effect**. And the output flip publication can perfectly run on iPad, no matter online or offline. What's more, the iPad-like interface will show you how your publication will perform on iPad.

Reserve full content of original PDF

While making flip book for iPad, this iPad flipbook maker will reserve full content of the original file, including links. You can preview and monitor the flip book making process all the time with the real-time preview function.

Navigate with ease

Easy PDF to FlipBook for iPad will make a thumbnail listing while converting PDF to iPad flip book. Besides, this flipbook maker will import the table of contents of original file if it has. Otherwise, you can add and edit one manually. With thumbnail or table of contents, readers can turn to the page they want easily.

Various templates to choose

Easy PDF to FlipBook for iPad provides various pre-designed **templates of different style and color** for you to choose. You can choose your favorite one or choose the one fits your book style most.

Customize stunning iPad flipbook based on template

Easy PDF to FlipBook for iPad provides you with a series of configurable settings to publish **unique page flipping books**. And you can customize the flip book based on the template: add background image and color; choose logo and define book title; define book margins.

## Publish flip book in two optional forms

Easy PDF to FlipBook for iPad will enable you to create flip book in flexible formats, for online or offline viewing. Publish HTML book for you to upload to your website for online viewing. Your readers can view the flip book on iPad via Safari Browser. Save the published flip book as ZIP file and you can send it to others.

Google Analytics Integration

Add your Google Analytics ID before publishing the flip book for iPad, and after you upload it onto your website, you can get **real-time statistics** of your book. And then you can get statistics of the iPad flipbook, and know which part performs well, which part needs to improve and update.

Example:
