Note: This product is distributed on a 'try-before-you-buy' basis. All features described in this documentation are enabled. The registered version does not insert a watermark in your generated PDF documents.

1   About Easy PDF to FlipBook Mac

Easy PDF to FlipBook Mac is an interesting flipbook maker which can run on Mac OS. This page flip software will enable you to show off your PDF files in a wonderful and creative way. By converting your PDF to **flash page turn book** with **impressive animation effect**, this amazing software will give your readers an experience of flipping through a printed copy.

Compatible and easy to operate

Easy PDF to FlipBook Mac can be compatible with Mac OS, Mac OS X Leopard, Mac OS X Snow Leopard and Mac OS X Lion. It is easy to operate and it just takes **three steps** to output flipbook: Import PDF—Customize on selected template—Select output format to output flip book.

Switch language among 10+ languages

Easy PDF to FlipBook Mac provides you with **multiple languages**: Arabic, Chinese, English, French, German, Greek, Hebrew, Italian, Japanese, and Portuguese. You can choose one as the default language for the flip book or you can use two or more languages so as to make **languages switchable**.

Retain original file content

Do you worry about that the original file content will be altered during the conversion? Indeed, losing information can be worrisome. However, this program will never disappoint you because it will **reserve full content of the original file**, including links. And the **real-time preview function** will enable you to preview the flip book all the time.

Make thumbnail and table of contents

In order to help your readers read flip book with ease and improve reading experience, Easy PDF to FlipBook Mac will make a **thumbnail index** while converting PDF to flip book. Besides, this flipbook maker will import the **table of contents** of original file if it has one. And even if your PDF file doesn't contain table of contents, you can add and edit one manually.

Various templates to choose

Making your flip book beautiful is not a problem. Easy PDF to FlipBook Mac will provide you with **various pre-designed templates** that are colorful, simple or professional. Each template includes different themes of different style.

Customize unique flip book on colorful template

You can **customize the flip book** based on the template and theme: change background image, color and sound; add identified logo and book title; choose font type and font color; choose color for icons and buttons; enable downloading, printing or sharing; select flash language, etc.

Flexible output formats

Easy PDF to FlipBook Mac will enable you to publish flip book in flexible formats: **HTML, App (executable application for Mac) and mobile version**. Make HTML flip book to view online. Publish Mac flip book in App format that can run on Mac. Publish mobile version to view on iPad, iPhone and Android mobile devices.
